Krutibash Mohanty

Entry Level Java Developer

Bengaluru, Karnataka • +91-865-869-7942 • krutibashmohanty99@gmail.com • linkedin.com/in/krutibash-mohanty

PROFESSIONAL SUMMARY

Diligent and enthusiastic entry-level Java developer with a solid foundation in Java programming and software development principles. Eager to leverage academic knowledge and practical skills to contribute effectively to dynamic projects. Strong problem-solving abilities combined with a collaborative mindset, ready to adapt to new technologies and learn from experienced peers. Committed to delivering high-quality code and continuously enhancing proficiency in Java development methodologies.

INITIATED PROJECTS

"Dynamic entry-level Java developer adept in designing and implementing an **Online Real Estate Management System**. Proficient in Java programming and equipped with strong problem-solving skills to deliver efficient solutions. Committed to enhancing user experience through intuitive interface design and seamless functionality. Eager to contribute to innovative projects and collaborate with cross-functional teams in a fast-paced environment."

- **Real Estate Sales Website: Developed and enhanced a website facilitating real estate sales.**

- **Backend Development: Contributed to backend development for improved functionality.**

- **Property Search & Management: Implemented features enabling users to search and manage residential and commercial properties.**

- **Listing Management: Designed a system allowing users to upload property information and manage their listings.**

- **User-Admin Interaction: Created an interface for users to input requirements, aiding admins in matching and adding appropriate properties.**

TRAINING

Successfully completed a rigorous 6-month training program in Core Java and Oracle (SQL/PLSQL) in Hyderabad. Acquired comprehensive skills in Java programming fundamentals and database management. Demonstrated proficiency in developing robust Java applications and executing efficient database operations. Ready to apply this knowledge and hands-on experience to contribute effectively as an entry-level Java developer, bringing a solid foundation in both Java programming and Oracle database management to dynamic project environments.

CERTIFICATION

- **Core Java by Naresh i Technology, Hyderabad**
- **Oracle (SQL/ PL SQL) by Naresh i Technology, Hyderabad**

EDUCATION

Biju Patnaik University of Technology (BPUT), Bhubaneswar, Odisha, India 2022
Master of Computer Application (MCA)

SKILLS

- **Java Programming**: Proficiency in core Java concepts such as classes, objects, inheritance,

polymorphism, and exception handling.

- **Object-Oriented Design**: Understanding of object-oriented principles and ability to apply them in Java development.

- **Data Structures and Algorithms**: Knowledge of fundamental data structures (arrays, linked lists, stacks, queues) and algorithms (sorting, searching) essential for efficient Java programming.

- **Database Management**: Basic understanding of database concepts and experience with SQL for database querying and manipulation.

- **Web Development**: Familiarity with web technologies such as HTML, CSS, and JavaScript, along with frameworks like Spring.

- **Version Control Systems**: Proficiency in using version control tools like Git for collaborative development and code management.

- **Integrated Development Environments (IDEs)**: Experience working with IDEs like IntelliJ IDEA or Eclipse for Java development.

- **Debugging and Testing**: Ability to debug code and write unit tests to ensure the reliability and quality of Java applications.

- **Problem-Solving Skills**: Strong analytical and problem-solving abilities to troubleshoot issues and optimize code performance.

- **Team Collaboration**: Effective communication and teamwork skills to collaborate with peers and contribute to project success.

- **Continuous Learning**: Willingness to learn new technologies and frameworks to stay updated with the latest trends in Java development.

LANGUAGE COMPETENCIES

- **English**: - Fluent (Reading, Writing, Speaking)

- **Hindi**: - Fluent (Reading, Writing, Speaking)
